May 23, 1979.

Mr. R.A. Hale,
Controller of Water Rights,
N.W.T. Water Board,
P.O. Box 1500,
YELLOWKNIFE, N.W.T.
X1A 2R3

Dear Mr. Hale:

Concerning your letter of May 14, 1979, we are presently compiling the water supply and waste treatment information you requested on two of the Hamlets listed: Igloolik and Pond Inlet. I will attempt to get this information to you by May 30.

We are not, however, prepared to proceed further with the licencing of Pelly Bay or Coral Harbour at this time. The engineering design work has not reached sufficient stage to determine the best improvement alternatives. We will contact you as soon as adequate information is available.

Yours truly,

Bruce Doulton,
Project Engineer,
Water & Sanitation Section,
Town Planning & Lands Division,
Department of Local Government.
