Application Water License for Amendment of the Hamlet of Igloolik, License # 3BM-IGL 1520

Please find attached an application to amend our water license, to incorporate wastewater treatment into our facility.

Following our recent Council Meeting on April 16, and by way of Motion # 83-10-15, we are in support of the Design Brief on Optimization of the Wastewater Facility prepared by exp Services Inc. for Igloolik.

I would also like to assure you have our authorization to discuss this project with Bhabesh Roy, P.Eng., Municipal Engineer with CGS –NG, on our behalf.

Finally, a cheque is enclosed for \$30.00 dollars made out to the Receiver General of Canada, as required as part of the application.

Thanks for our assistance and we look forward to your reply and comments.

Yours truly
