Re: Your letter dated September 7, 2001 regarding Sewage Disposal System

Dear Mr. Evaluarjuk:

The Nunavut Water Board (NWB) acknowledges receipt on September 7, 2001 of your letter of the same date with regards to Igloolik's sewage disposal system.

Your concern with regards to the capacity of the current sewage lagoon as well as your concern with the ground freeze-up are duly noted. In light of these concerns, your amendment application will be handled on an "urgent" basis when it is received. However, the requirements of the application as outlined in our letter of September 6, 2001 remain unchanged.

In order to help speed up the process, I would like to request that the application is sent by e-mail or fax, and that any design drawings/maps be no larger than 11" x 17". My e-mail address is rbecker@polarnet.ca.

We look forward to receiving your application.

Sincerely,
