Hi Phyllis,

Prior to navigating the NWB ftp site on these files....are you aware of any other authorizations other than the NWB Class B's? We have not seen any authorization related to a municipal project proposal in Igloolik or Kugluktuk recently. Failing this I will have a TA take a cursory look at the application information on your site

Regards,

Leslie

Good morning Leslie – I have two municipal files here that may or may not require NIRB screening. These are Igloolik and Kugluktuk. Please advise if there is a need for NIRB to screen them. (3BM-KUG0308 and 3BM-IGL0308)
