Dear Joanasie;

We have been advised that the NWT Water Board wishes to visit your community on 27 August 1985 for the purpose of holding a Public Hearing.

This Public Hearing is a requirement that the Water Board must meet prior to the issue of a licence to a community.

Would you please advise our office if the date selected is convenient to your Council. On receipt of your answer I will advise the Water Board accordingly.

Yours truly

J.M.A. Theriault
District Manager
Baffin District
