Subject: Nunavut Water Board Public Hearing
Application for Licence for the Hamlet of Igloolik

Dear Ms. Smith,

Thank you for your letter of January 29, 1998 to Dionne Filiatrault, Technical Advisor to the Nunavut Water Board, regarding your intention to appear before the Nunavut Water Board at the public hearing for an application for a licence by the Hamlet of Igloolik.

We are pleased that the Department of Municipal and Community Affairs has agreed to be present to this hearing, and we have reserved one seat for your representative on a charter which should leave Iqaluit on February 17, 1998, and return on February 19, 1998. Due to limited space on the aircraft, we unfortunately cannot accommodate two people as requested. We will contact you in due time regarding the exact time of departure. As for accommodation in Igloolik, we would like you to make all arrangements for your representative.

Considering MACA's overall mandate with respect to municipal infrastructure projects, particularly those considered in this licence application, we expect your representative to present your Department's short and long term plans with respect to drinking water supply and distribution, sewage collection and treatment, and solid waste disposal in this community.

Please contact Dionne Filiatrault or me at (867) 360 6338 should you need to discuss this project or the logistics of this hearing.

Sincerely,

Philippe di Pizzo
Executive Director
