Dear Dionne,

Can you please provide MACA with the following information:

1. A copy of all correspondence sent from the Nunavut Water Board to the Hamlet of Igloolik regarding their public hearing.
2. When we can expect to receive transcripts from the Public Hearing. So that we may answer the questions posed to MACA.
3. Information on what the procedure for a Nunavut Water Board Public Hearing is, and what is expected of the community so that in the future we may be better able to assist the communities.

Sincerely,
