Dear Joanasie:

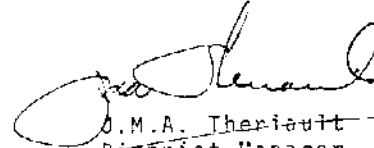

Re: Water Samples Analyses
July 21, 1984

Attached is a copy of analytical results of samples taken by P. Bannon during his last inspection in Igloodik (19-21 July).

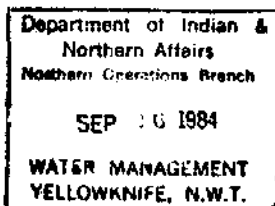

The parameters tested indicate that they are all well within the Canadian Drinking Water Guidelines and your water of acceptable quality.

If you have any questions or comments, please contact our office at your convenience.

Yours truly

J.M.A. Theriault
