Hi John, Meagan

Thank you for the additional documents submitted on January 31, 2014 in support of City of Igaluit's (the City) renewal amendment water licence.

The Nunavut Water Board (Board or NWB) is about to proceed in the next stage(s) of the licensing process for your application; however, before doing so, the Board requests that the City confirms whether it is taking into consideration including the proposed augmentation of Lake Geraldine and development of the new solid waste management facility to the scope of the current application or under the scope of amendment(s) that will be applied for subsequent to the current application.

Regards, Robin Ikkutisluk
