Hi Assol:

See confirmation of pumping setup below.

Regards,

Josip Deronja P.Eng.

- It is a 4 inch pump with 4 inch lines. One end has a screen on the river end. We are loading the trucks on top of the truck utilizing a zoom boom thru a 4 inch hose

Subject: 821094 - Iqaluit Operations Support - Water Quality Emergency, Sylvia Grinnell Pumping Setup

Shane/ Cameron:

Would either of you be able to provide details, in terms of the setup and equipment being used to facilitate pumping water from Sylvia Grinnell into the water trucks?

I'll need this information for the water license amendment as the Nunavut Water Board is seeking clarification.

Thanks,

Josip Deronja P.Eng.
