Dear Richard Dwyer, William Patch, Jared Ottenhof, Calvin Ehaloak, and Kevin Kerr:

RE: NPC File No: 151186 [Short-term water licence renewal]

The following works and activities have been proposed in the above-noted project proposal:

1. **Primary Land Use:** Withdrawal and use of fresh water and the deposit of waste.
2. **Project summary description:** The City of Iqaluit's Type A Water Licence (3AM-IQA1626) is set to expire on June 16, 2026, and an application to renew and amend the licence is currently under review. As the renewal and amendment process requires additional time, the City is requesting an 180-day short-term renewal under Section 9(1)(b) of the Nunavut Water Regulations to avoid a lapse in authorization. No changes to the scope or terms of the existing licence are proposed as part of the short-term renewal request.
3. **Associated NPC File Nos.** 15099, 150359 and 150798; **Associated NIRB File No.:** 24YN040;
4. **NWB File No.:** 3AM-IQA1626.
5. **Location:** Qikiqtani Region; [City of Iqaluit; Within municipal boundaries]

A complete description of the project proposal reviewed by the NPC can be accessed online using the link below.

The Nunavut Planning Commission (NPC) has completed its review of the above noted project proposal. NPC has determined that this project proposal is outside the area of an applicable regional land use plan. The activities associated with this proposal were most recently reviewed by NPC on April 23, 2025. In addition, the works and activities listed above were previously screened by the Nunavut Impact Review Board (NIRB FILE No. 24YN040). The

above-noted project proposal is exempt from screening by the NIRB because the NPC is of the understanding that it does not change the general scope of the original or previously amended project activities, and the exceptions noted in Section 12.4.3 (a) and (b) of the Nunavut Agreement do not apply.

By way of this letter, the NPC is forwarding the project proposal to the regulatory authorities identified by the proponent. Project materials are available at the following address:
<https://lupit.nunavut.ca/portal/registry/registry.aspx?appid=151186> .

This decision applies only to the above noted project proposal as submitted. Proponents may not carry out projects and regulatory authorities may not issue licenses, permits and other authorizations in respect of projects if a review by the NPC is required.

If you have any questions, please do not hesitate to contact me at (867) 979-3444.

Sincerely,

Goump Djalogue, MCIP, RPP
Manager of Planning and Implementation

Jurisdictional Note:

This conformity determination applies only to the components of the proposed project located within the Nunavut Settlement Area and under the Nunavut Planning Commission's statutory jurisdiction as defined in the Nunavut Agreement and the Nunavut Planning and Project Assessment Act (NuPPAA). Activities outside the NPC's jurisdiction remain subject to the review and regulatory processes of the relevant authorities. Proponents are responsible for identifying, contacting, and obtaining all required approvals from the appropriate regulators in every applicable jurisdiction to ensure compliance with all legislation, policies, and licensing requirements.
