NUNAVUT WATER BOARD
NUNAVUT IMALIRIYIN KATIMAYINGI

NWB File No: NWB3IQA9900

August 28, 2000

To Distribution List

Dear Parties:

All parties on this distribution list received a notice of public hearing indicating that the Nunavut Water Board will hold a public hearing in Iqaluit on November 7th and 8th, 2000 for the renewal of the Town of Iqaluit's municipal water licence.

In preparation for the hearing, the Board puts all concerned parties to notice that it expects to receive from the Town of Iqaluit all reports and/or studies required under licence NWB3IQA9900, including a compilation of the Surveillance Network Program data as required under the licence. The Board also requests that the DIAND Water Resources Officer prepares and submits to the Board a report on the Licensee's compliance with the terms of the current licence, including but not limited to the requirements set forth for sewage effluent quality and solid waste disposal. All documents and reports shall be submitted to the Board, in English and Inuktitut, at least fifteen days before the commencement of the hearing so that they may be distributed to and reviewed by other interested parties and members of the public.

Finally, the Board notes that there has been recently some debate in the local press regarding whether the current municipal licence issued by the Board was a "draft" or a document with force of law. The Board advises all parties that the current licence issued by the Board on December 15, 1999 was duly approved in accordance with the provisions of the Nunavut Land Claims Agreement (NLCA), and that it has force of law under the NLCA immediately upon issuance by the Board.

Sincerely,

Original signed by:

Philippe di Pizzo
Executive Director
