Mr. Chris Groves
Manager of Operations
4577 Nunavut Ltd.
P.O. Box 699
Iqaluit, NU
X0A 0H0

February 10, 2005

Dear Mr. Groves:

The City of Iqaluit has recently become aware that a water license from the Nunavut Water Board will be required for continued operation of your asphalt and concrete plants in the North 40.

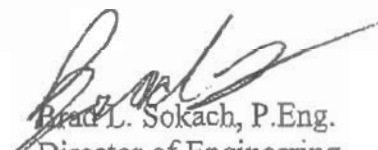

Section 13.7.1 of the Nunavut Lands Claim Agreement states:

"With the exception of domestic or emergency use of waters as set out in Section 5 of the Northern Inland Waters Act R.S.C. 1985, C.N - 25, no person may use water or dispose of waste into water without the approval of the Nunavut Water Board."

As you are drawing water from Carney Creek for utilization in the concrete plant and discharging wastewater into Carney Creek from the asphalt plant, it is our understanding that a water license is required. The operation of the concrete and asphalt plants does not fall under the City's water license.

If you have any questions or concerns regarding this matter please contact the Nunavut Water Board.

Regards,

Brad L. Sokach, P.Eng.
Director of Engineering
City of Iqaluit

Geoff Baker
Project Officer
City of Iqaluit

cc. Phillip di Pizzo, Executive Director, Nunavut Water Board

MESSAGE

Mr. di Pizzo:

Please find following correspondence to Kudlik Construction and Baffin Building Systems indicating the requirement for a water license for their operations in the North 40 gravel pit in Iqaluit.

Regards,
Geoff Baker
Project Officer
City of Iqaluit
