Memo

To: Nunavut Water Board Members
From: Doreen Porter, Admin. Clerk
Subject: 3AM-IQA License Approval
Date: July 25, 2006

Dear Board Members,

On July 24, 2006, Jim Prentice, Minister of Indian and Northern Affairs Canada, has approved the issuance of the Iqaluit municipal water license, number 3AM-IQA. A copy of the license and the reasons for decision had already been forwarded to you. This ministerial approval means that this license has now force of law and will become enforceable by INAC Inspectors.

Regards,

Philippe di Pizzo
Executive Director
