issued on December 03, 2018 and on January 11, 2019 (NPC file 148839 and 149007) that it is outside the area of an applicable regional land use plan.

In addition, works and activities associated with the current proposal were previously screened by the Nunavut Impact Review Board (NIRB FILE NO.: 13UN034).

The above-noted project proposal is exempt from screening by the NIRB because the NPC is of the understanding that the inclusion of the new water exaction source at the Dead Dog Lake does not change the general scope of the original or previously amended project activities, and the exceptions noted in Section 12.4.3 (a) and (b) of the Nunavut Agreement do not apply.

By way of this letter, the NPC is forwarding the project proposal to the regulatory authorities identified by the proponent. Project materials are available at the following address:

This decision applies only to the above noted project proposal as submitted. Proponents may not carry out projects and regulatory authorities may not issue licenses, permits and other authorizations in respect of projects if a review by the NPC is required.
