

Muhamud Hassan
Chief Administrative Officer, Engineering Department
City of Iqaluit, P.O. Box 460, Iqaluit, NU, X0A 0H0

Dear Mr. Hassan,

Further to previous communications including Mr. Clow's email this morning, Nunavut Planning Commission (NPC) has reviewed this file with the Nunavut Water Board (NWB) and understands that the Nunavut Impact Review Board (NIRB) issued an approval in late 2014; also, that there have been no modifications to the proposed project since then. As such, this file falls under 235. (1) of the *Nunavut Planning and Project Assessment Act* (NUPPAA), which states:

(a) a project that is being assessed under the Agreement or is being, or has been, lawfully carried out on the day on which this section comes into force;...

Therefore NPC is not required to undertake a review. As Mr. Clow stated, for any future projects the City of Iqaluit will need to submit a proposal to NPC.

If you have any questions or comments you can contact me at 867-857-2242.

Sincerely,

Peter Scholz, Senior Planner
Nunavut Planning Commission

cc. Paul Clow, Project Officer, City of Iqaluit Engineering Department
Robin Ikkutisluk, Nunavut Water Board
Tara Arko, Nunavut Impact Review Board
