Dear Ms. Brown,

Request for Information - Water Licence Requirements

Ref: My letter to Ian Mosher dated November 18, 1997 (attached).

1. In the above noted letter I had requested specific information relating to the Town's compliance with certain terms and conditions of water licence N5L3-0087, held by the Town of Iqaluit.
2. To date, the Town has yet to provide the requested information.
3. Furthermore, deficiencies were noted in the 1996 Compliance Report. It is expected that the Licensee acknowledge the deficiencies and outline the corrective action necessary to bring the Licensee back into compliance with the water licence and the *NWT Waters Act*.
4. The Town of Iqaluit is hereby directed to provide a written response to the deficiencies noted in my November 18, 1997 letter and 1996 Compliance Report by February 23, 1998.

Sincerely,

Paul Smith
