We have received The City of Iqaluit's Response to comments on their 2018 Annual Report (attached). Could you review these and let the NWB know within a week if all of CIRNA's concerns are addressed.

1. Surface water management Plan. I will follow up to see if they plan to develop one.
2. Waste Deposit at the end of Federal Road is "not the City's responsibility." And the next inspection may want to address this more closely.
