RE: City of Iqaluit's Requests to decant the West 40 Landfill Retention Pond and the Emergency Lagoon.

Mr. Ford,

Please accept this letter as an authorization to proceed with the planned decants of the West 40 Retention Pond and the Emergency lagoon as schedule on June 10th, 2010.

Please ensure the process is documented and, if possible, an accurate estimate of the volumes discharged from both locations is to be recorded and submitted with the City's annual report.

Please ensure the requisite sampling is completed and results submitted to both the Inspector and the Nunavut Water Board.

Thank you for the required notification. I look forward to working again this summer with you and your staff.

Sincerely,

(original signed and filed this date)

Andrew Keim
Water Resources Officer
