Hi Andrew,

Please see the attached report discussing the options available to address the issue of collection, treatment and release of West 40 Landfill run-off.

Please note that the O&M Manuals that you requested in the 2011 Water Inspection be loaded onto a CD and mailed to you as well as the Nunavut Water Board because the files are too big to email.

If you have any questions do not hesitate to contact me.

Sincerely,

Paul Clow
