Hello Richard and others at DFO, and Dave and Derek of NWB:

We have set up an ftp site for Daily Monitoring Reports associated with the Apex Supplementary Pumping Program. These are intended to give you visibility of the daily observations/actions for your information – these are not provided as licence reporting.

FTP Secure Login Information

Should you have questions or would like to discuss any of the reports please contact me and I will arrange for the appropriate persons to respond.

Also attached, are the Fish and Fish Habitat Monitoring Plan (based on draft framework discussed August 16), and Erosion & Sedimentation Control Plan. Both documents are on the ftp site as well.

Thank you,

Erica
