Hi Jonathan,

As Licence states the monitoring at IQA-8 should be for the Groups of parameters B, E, N, ICP, F, LS described in Table 1.

The monitoring parameters are also described within the document entitled "City of Iqaluit Facility Monitoring Plan Landfill and Waste Transfer Station" submitted by City in december 2020.

I am cc-ing Assol to confirm whether or not we have a more recent Facility Monitoring Plan submitted by the City or the Plan stated above is the last one.

Regards,
