Date: November 12, 1996

Pages: 2 including this cover sheet

COMMENTS:

Hi Dionne,

With reference to our last conversation, this office has not yet received a copy of the Nanisivik Mines Water Licence. Please provide at your earliest convenience.

Just this morning I received the Pangnirtung sewage design plans prepared by Oliver, Mangione, McCalla and Assoc. Ltd.

They have requested comments. Normally, this would go through TAC and I would provide comments within this process. Can you please confirm that a) you have received these plans, and b) that within the review process being considered, that this office will be asked to provide comments. If this review process is initiated shortly, then I will direct my comments to the review process as opposed to OMM Ltd. Please advise this office of the Board's intention in this matter.

In the meantime, I will be reviewing the proposal while awaiting your reply.

Attached as a second page is the letter that accompanied the proposal and site drawings.

Regards,

Paul Smith
