Good afternoon,

Due to the emergency amendment slated for this project, I would like to notify the various agencies copied on this email that the Navigable Waters Protection Program (NWPP) should be consulted regarding any implementation plans for the Duval River bridge structure, be they temporary or permanent, concerning the re-establishment of access across the Duval River. The general contact number for the NWPP office is 1-780-495-8215.

Regards,

John Cowan
