Good afternoon Justin,

Please find below an update on the WWTP.

Pangnirtung is still dumping raw sewage into the fjord. The workers will retry to start the plant with no more foam. If that is the case we will slowly start to re-operate the plant. If more foam develops then we will have to stop the plant and continue dumping into the fjord. If you have any questions please feel free to contact me at coordinates below or by email Bhabesh Roy.

Thank you

Shawn A. Trépanier
