Resolute Bay Water License application-Ownership Response

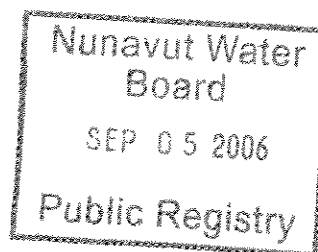

Dear Mr. Dwyer,

Following my recent conversation with Joe Murdock, Director of Technical Services, NWB, I would like to confirm that Department of Community and Government Services of Government of Nunavut, owns and operates the Utilidor system. Therefore, GN will be applying for the new water license for the Utilidor which combines potable water supply and wastewater collection system of the Community. At the same time I am withdrawing our previous application **Re: 060901 3 BM-RUT GN Utilidor License in Hamlet of Resolute Bay.**

If you have any question, Please do not hesitate to contact me.

Thanks.

Bhabesh Roy, M.A.Sc., P.Eng.
