

1. GENERAL

GENERAL CONDITIONS

- .1 The Contractor shall read and be governed by the General Conditions, General Instructions, Instructions to Bidders, Addenda, Form of Tender and Agreement of the complete specifications for this project.
- .2 The complete work under this trade shall be governed by the dictates of good practice in all details of materials and methods, even if not minutely specified. The work shall be properly coordinated with the requirements of other units of work specified in other sections.

2. FIRES

- .1 Fires and burning of rubbish on site is not permitted.

3. DISPOSAL OF WASTE

- .1 Do not bury rubbish and waste materials on site.
- .2 Do not dispose of waste or volatile materials such as mineral spirits, oil, or paint thinner into waterways, or storm or sanitary sewers.

4. DRAINAGE

- .1 Provide temporary drainage and pumping as necessary to keep excavations and site free from water.
- .2 Do not pump water containing suspended materials into waterways, sewer, or drainage systems.
- .3 Control disposal of runoff of water containing suspended materials or other harmful substances in accordance with local authority requirements.

5. POLLUTION CONTROL

- .1 Do not allow waste material and debris to contaminate adjacent properties.
- .2 Do not dispose of waste material and debris into river system or lakes.
- .3 Provide for dust control using water or another agent approved by the Engineer.
- .4 Clean up immediately any debris occurring upon public or private property.
- .5 Locate and secure disposal pumps as required.
