Hi Erik,

I am waiting for completing the tendering /awarding process of the Utilidor system. It will be happening very soon. Once done, I will be submitting you a Plan for Compliance indicating and committing all the items mentioned in your letter. Today I am uncertain for many things. Few days after, I will have some positive news. You will be receiving a letter at the end of this month.

Sorry for the delay.

Thanks.

Bhabesh

Good morning Bhabesh,

Please note that there are still outstanding requirements for 3BM-RUT1012 that prevent the application from moving forward in the application process.

Brief summary of correspondence for file:

October 15, 2012 - Initial preliminary technical review conduct by NWB and e-mail sent;

February 8, 2013 - Reminder e-mail re: application still incomplete and missing information;

February 11, 2013 - GN Response to NWB e-mail on Feb 08, 2013;

August 27, 2013 - NWB review of file and information - email sent requesting additional information

Please see attached a copy of an e-mail I sent on August, 27, 2013 . The e-mail outlines additional information required for the application to be considered complete and continue with the renewal process. If you have any further questions please do not hesitate to contact me at your earliest convenience.

Thanks,
