**RE: 3BM-RUT1012: Response to additional information provided for the Renewal Application from the Government of Nunavut – Community and Government Services (GN-CGS) for the Type “B” Water Licence**

Dear Ms. Beaulieu,

I am writing you in response to the letter dated May 30, 2014 and confirming our commitment as follows:

## 1. Char Lake

- Hydrological Overview of Char Lake;
- Evaluation of impacts on Char Lake;
- Assessment of Sustainability of Char Lake as a long term water source
- Recommendations to address impacts and long term sustainability; and
- Schedule to implement the recommendations.

CGS has hired a consultant to commence the above activities and expecting to complete on or before September 30, 2014. A copy of the completed report will be forwarded to the Nunavut Water Board by December 20, 2014.

**2. Coliform concentration of Utilidor discharge pipe:**

The effluent quality of the Utilidor discharge pipe has been established as shown in the attached letter of exp Services Inc.

### 3. O&M plan of Utilidor System

A copy of the O&M manual in 1978 of the existing Utilidor system is attached.
