Sergey,

Do you have any form to sign. If not,

This is to confirm that we support coordinated approach between NIRB and Nunavut Water Board to expedite the renewal of the Resolute Bay WL# 3BM-RUT1520.

Also please confirm if it is 3BM-RUT1520 or 3AM -RUT1520. Your web site shows 3AM. Whereas Licence is written as 3BM.

Please confirm.

Thanks.

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

As part of the requirements for the coordinated NIRB-NWB review for the Type A Utilidor (3AM-RUT) application we need your written agreement to this coordinated process, so that the NWB can start processing the file without waiting for NIRB's screening decision.

Thank you,

Sergey

Which file you are talking about?

If Resolute Bay utilidor system, yes it is still with NIRB. But I have cleared all the questions they had.

Thanks Sergey.
