## SCIENTIFIC RESEARCH LICENCE APPLICATION LAND, FRESHWATER & MARINE BASED RESEARCH

NRI strongly recommends that applicants review the following documents prior to submitting an application: *Scientific Research Licencing Guidelines*, *Negotiating Research Relationships in Inuit Communities: A Guide for Researchers* and the *CIHR: Guidelines for Health Research Involving Aboriginal Peoples*.

For more information about the Nunavut Research Institute (NRI) please visit our web site [www.nri.nu.ca](http://www.nri.nu.ca)

### IMPORTANT

Please be advised that your application will not be processed until the application form, project summary project proposal, participant consent forms and ethical review are received by NRI.

*All documents should be uploaded in the following formats: MS Word, Adobe PDF or jpeg.  
Please read all requirements for documentation in the application form before attaching.*

---

#### SECTION 1: APPLICANT INFORMATION

---

1. Project Title [Environmental Mineralogy and Geochemistry, South Fiord, Axel Heiberg Island, Nunavut](#)

2. Applicant's full name and mailing address:

[Dr. Marie-Claude Williamson](#)

Phone: [\(613\) 947-1507](#)

[NRCan-Geological Survey of Canada](#)

Fax: [\(613\) 992-5694](#)

[601 Booth Street, Ottawa, ON K1A 0E8](#)

Email: [mwilliam@nrcan.gc.ca](mailto:mwilliam@nrcan.gc.ca)

---

#### UPLOAD APPLICATION (Word or PDF file)

---

---

#### UPLOAD DOCUMENTS

---

---

#### SECTION 3: PROJECT PROPOSAL DESCRIPTION

---

4. Location(s) of data collection:

Please attach maps (preferably 1:250,000 scale) which clearly indicate camp sites and research sites. PDF, jpeg or tiff versions are requested.

[land-Williamson\\_Map of Study Area 2013.pdf](#)

The Nunavut Impact Review Board may require additional location information in a subsequent Project Specific Information Requirement (PSIR) submission. This may take the form of a digital Geographic Information Systems (GIS) file.

---

#### SECTION 4: NON-TECHNICAL PROJECT PROPOSAL DESCRIPTION

---

Please attach a non-technical description of the project proposal, no more than 500 words, in English and Inuktitut (+Inuinnaqtun, if in the Kitikmeot). The project description should outline the following:

- Project Title
- Researcher's Name and Affiliation
- Project Location
- Timeframe
- Project Description
  - purpose
  - goals & objectives
  - method of transportation
  - any structures that will be erected (permanent / temporary)
  - restoration / abandonment plans
- Methodology
  - collection protocol
  - collection mechanisms
  - indicate why specific communities or individuals were selected for your research
- Data

- short term & long term use of data
- other uses of data
- Reporting
  - How will the research results be communicated to the individual participants, communities, regional and Nunavut organizations?
  - Will the research result in a publication?
