**Re: Application Pending NPC Conformity for the Department of National Defence's
"Ultra Low Sulfur Diesel Containerized Fuel System for CFS Alert" Project Proposal**

Dear Lori Wheeler:

The Nunavut Impact Review Board (NIRB or Board) received the Department of National Defence's (DND) "*Ultra Low Sulfur Diesel Containerized Fuel System for CFS Alert*" Project Proposal from DND on July 27, 2009. The Project Proposal submission included the following documents:

- *NIRB Part 1 Summary Application Form in English*
- *NIRB Part 1 Summary Application Form in Inuktitut*
- *Non technical Project Proposal summary in English*
- *Non technical Project Proposal summary in Inuktitut*

Your project appears to be located in an area which requires conformity to the North Baffin Regional Land Use Plan. Pursuant to Article 11 of the Nunavut Land Claims Agreement (NLCA), the project proposal must be sent to the Nunavut Planning Commission (NPC) for a conformity determination with this Plan. This can be done by contacting Brian Aglukark at NPC (phone: 867-857-2242 email: aglukark@nunavut.ca).

Once a conformity determination is made, the NPC will forward its determination and recommendations to NIRB. At that time NIRB will carry out screening of the Project Proposal in accordance with Article 12 of the NLCA.

If you have any questions or concerns, feel free to contact the Manager of Environmental Administration, Leslie Payette, at 867-983-4605 or lpayette@nirb.ca.

Sincerely,

A handwritten signature in cursive script that reads "Leslie Payette".

Leslie Payette
Manager of Environmental Administration
Nunavut Impact Review Board
