

Appendix K

Revised Quality Assurance & Quality Control (QA/QC) Plan of the Operation & Maintenance (O&M) Plan for CFS Alert

Description:

A revised Quality Assurance & Quality Control (QA/QC) Plan within the Operation & Maintenance (O&M) Plan for CFS Alert is included for review by the NWB.

The revisions were required as DND has selected a new laboratory service contractor.

The revisions consist of:

- 1) Identification of the new contracted laboratory;
- 2) a letter from the new laboratory contractor agreeing to the contents of the QA/QC Plan;
- 3) a copy of the CALA accredited status of the new laboratory contractor.

NOTE: All other sections of the O&M Plan did not require revisions and not included in this Annual Report.
