Re: NWB Water License Application for 2011

Dear Ms. Beaulieu:

Please find the attached application for a water license in Nunavut for our 2011 component of our Arctic Shorebird monitoring program.

I have attached the application, the questionnaire, a detailed summary, our spill contingency plan, MSDS's, our project summary that was sent to the Resolute Bay and Taloyoak HTO's and summary reports for past work we have done in Nunavut including our 2010 summary for which we received approval from the NWB (3BC-ASM1010).

If you have any further questions or require anything further please feel free to contact me at (867) 669-4709.

Sincerely,

Jennie Rausch
