**Re: 3BC-ASP1111 – Cancellation Application – Arctic Shorebird Project –  
Canadian Wildlife Service.**

Please be advised that Aboriginal Affairs and Northern Development Canada (AANDC) have completed a review of the cancellation application for water license # 3BC-ASP1111 submitted by the Canadian Wildlife Service. The NWB circulated the cancellation application for comments on Sept 28, 2012. All documents related to the application posted on the NWB ftp site under 3BC-ASP1111 were included in my review (See attached Technical Review Memo).

Should you have any questions or comments, please do not hesitate to contact me at (867) 975-4282 or by email at [Ian.Parsons@aandc.gc.ca](mailto:Ian.Parsons@aandc.gc.ca).

Sincerely,

*Original signed by*

Ian Parsons  
Regional Coordinator

**Re: 3BC-ASP1111 – Cancellation Application – Arctic Shorebird Project –  
Canadian Wildlife Service.**

### **Background**

The Arctic Shorebird Project was located on Prince of Wales Island 230 km Southwest of Resolute. The camp associated with the project was able to accommodate up to 6 people for approximately 3 weeks. The project involved conducting site visits to Cornwallis and Bathurst Islands, where no overnighting or camp set-up took place. The camp site, on Prince of Wales Island, consisted of 6 structures. These included tents for sleeping (4), kitchen tent (1) and storage fence. There was also a fuel cache on site.

Original site location could not be used because twin otter landing was not possible. New site location coordinates are as follows: 72°59'20.9"N, 98°58'32.4W.

All structures associated with this site have been removed.

### **Recommendations/Comments**

The Department of Aboriginal Affairs and Northern Development Canada, Water Resources Division finds the cancellation application complete and recommends that the above referenced license not be cancelled/ closed until a Water Resource Officer completes a final inspection of the site and provides confirmation that no compliance issues are outstanding with the project.

Cc. Murray Ball, Manager of Water Resources – AANDC, Nunavut Regional Office  
Andrew Keim, A/Manager of Field Operations – AANDC, Nunavut Regional Office
