

Data Sources:
National Topographic Database, Natural Resources Canada, Ottawa, 1996.
Note: Data derived from aerial photography taken in 1958 and 1959. Interim corrections 1993.
Landsat 7 imagery. Acquisition date: 2000/08/01. 30 m resolution.

Warning: Magnetic compass may act erratic in this region.
This map is not intended for air or marine navigation.

1000 metre
Universal Transverse Mercator Grid
Zone 15

100 000 metre Square
Identification
vc

Grid Zone
Designation
15 X

Method used to give reference to the nearest 100 metres

Easting: Read grid line value to the left of point. Estimate tenths of a square from this line eastward to point.
Grid reference in this example
367996
E M

Northing: Read grid line value below point. Estimate tenths of a square from this line northward to point.

Barrow Strait, Nunavut

North American Datum 1983
Universal Transverse Mercator
Zone 15 North
20 metre contour interval

Scale 1 : 50,000
