Dear Ms. Beaulieu

RE: Letter of withdrawal - Amendment to NWB Water Licence 3BC-AWW0814

In accordance with the opinion of the Nunavut Water Board that an amendment to Water Licence 3BC-AWW0814 is not required for the 2009 iteration of the Winter Warfare Advanced Course please consider this letter as the Department of National Defence's formal request to withdraw its application for amendment, dated 25 November 2008. As requested, the Department of National Defence will continue to provide annual reports to the Nunavut Water Board until its current permit expires in 2014.

Sincerely,

Éric Trépanier
