

1262-1 (DLE 3-4-2)

December 14, 2009

Phyllis Beaulieu
Manager of Licensing
Nunavut Water Board
PO Box 119, Gjoa Haven
Nunavut X0B 1J0

Dear Ms. Beaulieu

RE: Amendment to NWB Water Licence 3BC-AWW0814

As previously indicated, following the success of the Winter Warfare Advance Course in March 2009, the Army is once again proposing to conduct, in March 2010, its annual Arctic Operations Advisor Course Session 7 (AOA) in the area of Resolute Bay, Cornwallis Island, Nunavut. The enclosure to this letter provides the necessary background to the 2010 iteration of the course. Note that the general execution will remain the same as in previous years, however an additional four light over-snow vehicles (LOSV) will be used and four new camp locations are proposed. A CD containing maps of proposed site locations has also been provided (sent on the 11th of December 2009). As a result, per our discussions, an amendment to the existing water licence (3BC-AWW0814) is requested.

Should you require additional information, please contact Stéphanie Munyal, the designated DND point of contact for the environmental portion of the course: Tel: (819) 994-1070, Fax: (819) 991-2777, Email: Stephanie.Munyal@forces.gc.ca.

Sincerely,

Sébastien Fournier
A/Director CLS/DLE (Land Environment)
