The Field Operations Unit of Aboriginal Affairs and Northern Development Canada is currently engaged in conducting our annual Risk Prioritization Exercise in preparation for the 2015 field season.

It has come to our attention that the above noted Water license for work conducted by the University between 2009 and 2014 has expired and a review of the file is unable to produce either an application for renewal or an application for cancellation of the expired License.

In addition to the enclosed assessment form to be completed and returned to our offices by March 31st 2015, I have included a copy of your Water License. I appreciate your cooperation as we move ahead with this file.

I am specifically interested in what work was conducted during the term of the License as there appear to be no Annual Reports on file for the life of your project.

If you have any questions or concerns please do not hesitate to contact myself or the Manager of Licensing at the Nunavut Water Board, Phyllis Beaulieu Manager of Licensing Nunavut Water Board. Licensing@NWB-OEN.CA

Thank you in advance for your continued cooperation,

Respectfully,

Andrew Keim
