Hello Phyllis,

Please find attached my 2015 report for this water licence. I am requesting that this licence be closed and further permitting to occur through approval. I have submitted to have the outstanding fees for the licence paid via cheque from Queen's University, and will submit the approval application very soon.

Regards,

Scott

Hi Phyllis,

Great, thanks for all of this. I'll get the payment moving and the related materials.

Regards,

Scott

thank you for the response. I've sent a separate email and hope it will suffice as an invoice for payment. Attached is the application for approval without a licence. Once we receive your request to close 3BC-CBA1015, our office will notify AANDC to request a final closure inspection for the B type file then we can move forward with the approval without.

Thanks for your response. I would say that we could switch over to approval without a licence, so I will proceed to close the B licence. The fees won't be a problem, but is possible to get an invoice for our accountants? I'll send a report asap.

Good morning Scott, Your current water licence does not expire until September 30th of this year. Do you wish to continue with the type B licence or switch over to an approval without a licence? you qualify for an approval without if you wish to change over. All that is required is to ensure that all terms and conditions of the Type B have been met. I've reviewed your file and note the following:

Water use fees are outstanding to September 30, 2015 for a total owing of \$159.37

An annual report for 2015 will be required for submission.

If you wish to switch types of licence please send in a letter requesting closure of the B type licence. Once all the terms and conditions have been met (fees paid in full and the 2015 annual report) no further action would be needed to close the B and give you a yearly approval without a licence.

If you wish to discuss, please do give us a call.
