Hello Lee Ann,

I am in the process of closing off the Water Licence for this project and shifting to a water use approval from NWB without a licence. To close my licence, NWB requires a Certificate of Completion or a Certificate of Closure from AANDC for the land use. I am not aware of what this entails but I would appreciate if you could let me know or direct me to the appropriate person at AANDC.

Thanks for your assistance.

Best regards,

Scott
