Hello,

I am writing to request a 30 day extension to the comment period for the cancellation application for licence 3BC-CBA1015 (currently due July 4, 2016). The site under this water licence has not been inspected for several years and an INAC inspector will be visiting the site for an inspection in July. As such, the Water Resources Division would like to submit our comments after this inspection has taken place and we have had the opportunity to review the inspector's findings and recommendation regarding the cancellation.

Thank you,
Amanda Winegardner
