Hello Andrew,

Thank you for your report. I do apologize for not having the paper permits on site, I brought them up with me in May and they left the camp in my briefcase.

We will work to generate accurate logs of the consumption. The solid waste was not something I was previously aware of but we will also keep track of this.

Regards,

Scott

Mr. Lamoureux,

Please find enclosed a copy of the Inspection report generated on the Inspection of the Cape Bounty site on July 11th, 2016.

The Inspector has recommended that the now expired license 3BC-CBA1015 be canceled / closed in favor of the annual Authority without a License.

Please ensure that a copy is kept on site and that the reporting requirements contained within the Authority are met.

Thank you for your time and attention.

Respectfully,

Andrew Keim
