TITLE: Land and water research at the Cape Bounty Arctic Watershed Observatory
(CBAWO), Melville Island.

OBJECTIVES OF RESEARCH:

We plan on continuing to study the lakes and rivers of Cape Bounty in the summer of 2011. There will be five people in a small camp for eight days in early August. Like all previous years, all activities will be conducted on foot. We will be brought to and from the site by twin otter and helicopter. No permanent structures exist at the site. We are planning more trips to Resolute and the school to share our research with the community.

TERMS & CONDITIONS:

The holder of the licence will be bound by the terms and conditions of the Nunavut Impact Review Board Screening Decision Report and the Department of Culture, Language, Elders and Youth archeological sites terms and conditions. These terms and conditions will form part of this licence.

DATA COLLECTION IN NU:

DATES: May 15, 2012-July 31, 2012

LOCATION: Cape Bounty

Scientific Research License 02 015 12R-M expires on December 31, 2012

Issued at Iqaluit, NU on March 08, 2012
