Re: New Water Licence Application Cape Sheridan Archaeology Project

Dear Ms. LeMoine:

The Nunavut Water Board ("NWB") acknowledges receipt on April 13, 2011 of your new water license application for the Cape Sheridan Archaeology Project, file number 3BC-CSA----

We undertook a preliminary administrative review of your application and conclude that, in accordance with approved legislation under the *Agreement Between the Inuit of the Nunavut Settlement Area and Her Majesty the Queen in Right of Canada* ("NLCA"), it does not contain sufficient information for the NWB to commence processing the file at this time. Specifically, we are asking you to provide the following:

1. Inuktitut Summary of the Project
2. Written Confirmation to whom the water licence will be issued (either under your name or the college or both?)
3. The Spill Plan should include the following:
  - a. Contingency measures to address different spill scenarios such as spill on land, water or ice;
  - b. A section pertaining to training;
  - e. A copy of NT-NU Spill Report Form; and
  - f. The contact numbers of the INAC Manager of Field Operations, GN-DOE, EC, DFO, Nunavut Spill Report Line and QIA.

We will resume processing your application once additional information has been received.

Please call the undersigned at (867) 360-6338 or email at [licensing@nunavutwaterboard.org](mailto:licensing@nunavutwaterboard.org) if you have any questions.

Sincerely,
