**RE: Submission of 2010 Annual Report, Environment Canada (Carleton University), East Bay Field Camp Project, Licence No. 3BC-EAS0811**

Dear Ms. Black:

The Nunavut Water Board ("NWB" "Board") received from Environment Canada (Carleton University), on November 30, 2010, the 2010 Annual Report for the East Bay Biological Field Camp Project, located in the Kivalliq Region, Nunavut. On December 3, 2010, the NWB distributed the document to interested parties and persons for information purposes. No comments have been received to date. An internal review of the report found it to be generally consistent with the reporting requirements under Licence No. 3BC-EAS0811.

The Licensee is reminded, however, that the 2008 and 2009 Annual Reports remain outstanding and should be submitted to the Board for review no later than March 31, 2011.

Should you have any question please feel free to contact the undersigned at 867-360-6338 ext. 25 or by email at [sjoseph@nunavutwaterboard.org](mailto:sjoseph@nunavutwaterboard.org).

Yours truly,
