Phyllis Beaulieu
Manager of Licensing
Nunavut Water Board
P.O. Box 119
Gjoa Haven, NU X0B 1J0

Dear Phyllis,

Hello! As per our earlier communications, I would like to apply for a water license from the Nunavut Water Board. I plan to conduct paleontological fieldwork on central Ellesmere Island next July for approximately two weeks. I have included my completed water license application form, the questionnaire, a cheque for \$60.00 to cover the application fee and water use license, a 1-page project description, a geologic map showing the localities, and some reprints of research papers that resulted from previous field expeditions to Ellesmere Island. With regard to the Inuktitut translation of my project description, I forwarded that to you previously via email (I was unable to see the Inuktitut translation at this end).

Please let me know when you receive this package, and also if you need more information concerning the field project next summer or my background.

Thanks very much for your advice on completing the application and questionnaire! Happy holidays, and I look forward to hearing from you in the New Year.

Best wishes,

A handwritten signature in black ink, appearing to read "Jaelyn Eberle".
