Dear Members of the Nunavut Water Board,

Hello! I am writing to acknowledge that no fieldwork activities were conducted 2011–2013 by myself (or my colleagues) under Nunavut Water Board license 3BC – ELL1010 issued to me in July 2010. I understand that you require this acknowledgement before the permit can be closed. I do not foresee any near future fieldwork in this area (central Ellesmere).

If you have any questions or require additional information, my contact information is as follows:
