**Subject: Licence No. 3BC-ELL1010, “Jaelyn Eberle University of Colorado Museum of Natural History”, Qikiqtani Region, Nunavut; Submission of the Spill Contingency Plan**

Dear Ms. Eberle:

The Nunavut Water Board (“NWB”) has completed a technical review of the Spill Contingency Plan for the above-mentioned project, which was received on June 16, 2010.

The report was forwarded to the distribution list for information. Comments were received from Environment Canada (EC) on August 24, 2010 recommending that a Spill Response Form be attached to the document.

The NWB has reviewed the Plan and determined that the Plan generally fulfills the requirements of Part H, Item 1 of Licence 3BC-ELL1010. The NWB has, therefore, approved the plan through Board Motion No. 2010-15-L14, dated September 29, 2010. However, it is recommended that a Spill Response Form be available on site during camp activities.

Should you have any further questions, please feel free to contact the undersigned at (867) 360-6338 Ext. 30, at your earliest convenience.

Yours truly,
