Subject: RE: NWB 3BC-EKI Geological and Hydrocarbon Potential of Ellef Ringnes Island

Hi Bobby –

Can you please confirm whether the conformity determination sent earlier this morning is for Keith Dewing's project titled "Hydrocarbon Potential of Ellef Ringnes Island"? The NIRB previously screened a project with the same title in 2009 and released the Board's screening decision for file number 09YN056 on January 28, 2010. I have attached the previously issued conformity determination received by our office. Please advise if this determination still stands or if there were changes/new applications which warranted a conformity determination at this time?

Thanks,

Amanda

Good morning;

Please find attached the positive conformity determination for the above listed proposal. Also attached is the list of terms to which the proponent agreed to which are to become part of any authorization(s) issued.

Any questions, concerns, please do not hesitate to contact our office.
